

Medica Employee Health Plan Out-of-Area Dependent Coverage – Wisconsin

Covered dependents (up to age 26) residing outside of the Prevea360 network service area may apply to have medical claims covered as out-of-area. If eligible for coverage, care may be accessed by seeing a First Health provider. This provider directory is available at firsthealth.com.

Out-of-area coverage applications will be available during the enrollment process. To determine if your covered dependent(s) qualifies as out of area, please search for the zip code. *To search this PDF, enter Ctrl + F and enter the zip code.*

If you **do not** see the zip code listed here, you may submit an application for out-of-area coverage. If your zip code **is** listed here, you are considered IN AREA and will access care through the WellFirst Health Network.
